

Dr. Katherine Savile
Dr. Matthew Taylor
Dr. Tom Rigby
Dr. Paul Bishop
Dr. Claire Gooding
Dr. Colin Coulthard

Registration Pack for 5 - 75 years

New Patient Health Check

We like to offer all new patients at this practice a short medical examination. This is very simple involving measurement of height, weight and blood pressure and testing of urine. This is also a chance for us to be aware of your medical history and any medicines that you are currently taking. We can then plan with you any further medical attention that you may require.

This appointment will be with one of our practice nurses and will take approximately 20 minutes. **Please bring with you a specimen of urine and the questionnaire completed to the best of your knowledge.**

The information you provide will be handled confidentially by the practice but if you are concerned about any of the questions leave them blank.

Contents

1. New Patient Health Questionnaire - please bring this form with you to your appointment with the practice nurse
